

Fantastic Physics

During the Spring Term we will be studying light and forces as part of our Fantastic Physics topic for Science. We will be looking at light sources, and investigating how light is reflected and how light forms shadows. In the second half term we will be looking at forces and magnets, and investigating how magnetism, resistance and gravity affects us.

Year Group 3 – Badger Class Mrs Jarvis and Miss Bax

Motivational Stimulus

Religious Education

Galilee to Jerusalem

Magi
Epiphany
Parable

The Kingdom of God
Magi
Miracle

Areas of Learning

As a writer I take pride in my work.

As a reader I understand what I have read.

As a communicator I respect and understand that other people may have different views.

As a Mathematician I know my number facts and use mathematical vocabulary.

As a religious literate pupil I will have the ability to link the study of religion and belief to personal reflections on meaning and purpose.

As a historian I pose and answer questions about the past and discuss these with others.

As a user of technology I will ensure that we have the correct tools and skills to remain safe online.

As a sports person I know I have to be healthy and I practice my skills and apply them in activities.

Curriculum Drivers

This term we will be focussing on our school value of curiosity. We will be considering how we can ask questions to learn and understand the world around us.
