

Theme /Topic
Life Cycles

Year Group: 5
Spring 2024, Mr Davey

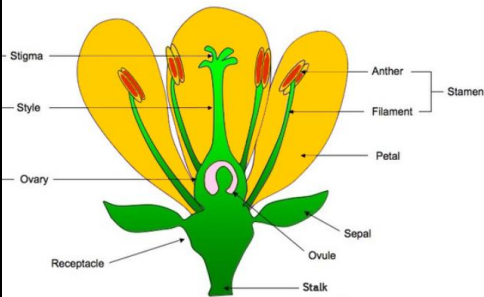

Motivational Stimulus:

Celebratory Events:
Science and Art Topic

This term we are looking into the fascinating world of plant and animal life cycles. We will have a visiting speaker from Farm Link and the topic will involve art and a scientific investigation.

Safer Internet Day - 6th February

Areas of Learning

- As a writer, I write with effective punctuation.
- As a reader, I broaden the extent of my vocabulary.
- As a mathematician, I use reliable methods in my calculations.
- As a theologian, I can talk about and reflect on my own beliefs.
- As a scientist, I have good scientific knowledge and know the key aspects of fair testing.
- As a technician, I can understand the internet, web addresses and search engines.
- As a swimmer, I can improve my technique and confidence.
- As a musician, I can appreciate a broad range of music and learn about their characteristics.
- As a linguist, I can improve my verbal communications.

Curriculum Drivers

Curiosity - We will be focussing on understanding and applying curiosity to all areas of our learning by asking questions and seeing where they lead..

Respect - We will also look at respecting our bodies and ourselves during our PSHE topic 'Healthy Me'..
